

Pre-Employment Screening Program (PSP)

Now order your PSP record, motor vehicle report (MVR), and background screening with just one click

The Pre-Employment Screening Program (PSP) from the Federal Motor Carrier Safety Administration (FMCSA) gives carriers unique insight into a driver's crash and inspection history. PSP records are available for review *before* making a hiring decision that could put your fleet, customers, and the public at risk.

Crashes and inspection results can affect your company's Compliance, Safety, Accountability (CSA) program score. Be in the know and keep it low. Checking your candidate's PSP record early in the screening process can save you time and headaches down the road.

Count on iiX to help you manage your drivers before — and after — they join your team. Our full suite of services for DOT-regulated companies includes MVRs, criminal histories, previous employment verification, and PSP records.

For more information about the Pre-Employment Screening Program

Call us at 1-800-683-8553 and choose option 2 for Sales, or send e-mail to information@iiX.com.

Getting your PSP records from iiX helps you:

Stay Compliant

- Add the records to your Driver Qualification files as evidence of due diligence for DOT audits.
- Access the required driver release form, so you'll always have the up-to-date version.

Save Time

- See PSP results as soon as we receive them.
- Screen candidates quickly and eliminate drivers with poor previous performance.

Save Money

- There's no annual registration fee for PSP records from iiX.
- After reviewing PSP records, continue screening only the drivers who meet your qualifications.

PSP from iiX. Driving Decisions for Your Business.

About iiX
