

When settling a liability or workers' compensation case, a beneficiary, or their attorney (or other representative) may request that Medicare's demand amount be calculated using the Fixed Percentage Option. Currently the total settlement amount for the Fixed Percentage Option cannot exceed \$5,000. Effective October 2, 2023, the maximum settlement amount will be raised to \$10,000. For full details on selecting the Fixed Percentage option please visit the [Demand Calculation Options](#) page on [CMS.gov](#).
