The work behind a contents claim

Behind every loss is
a policyholder waiting for resolution.

After any disaster, the details can quickly add up.

Each contents estimate needs

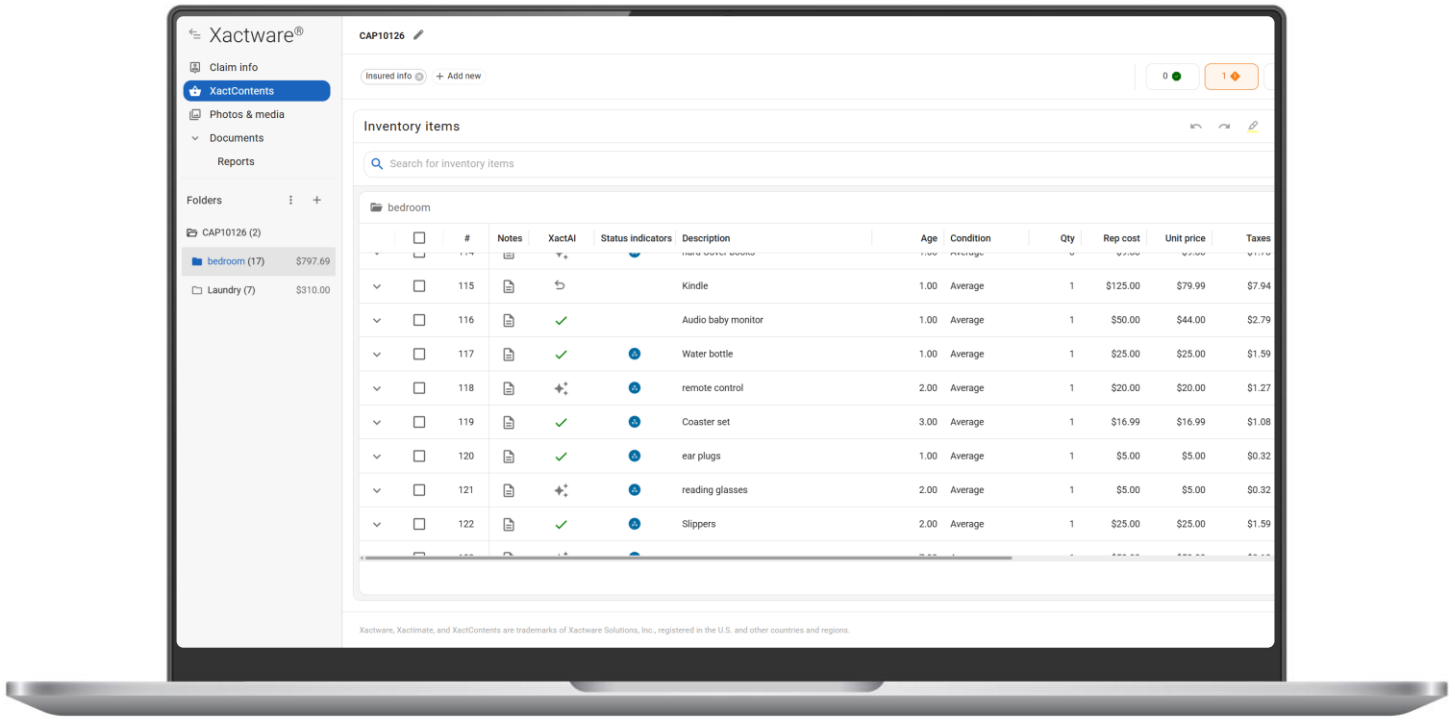

- **Inventory:** Descriptions and item details
- **Pricing:** Information to support decisions
- **Documentation:** Images and supporting records
- **Review:** A clear estimate and reports

The new XactContents Online experience

A simpler contents workflow within Xactimate Online.

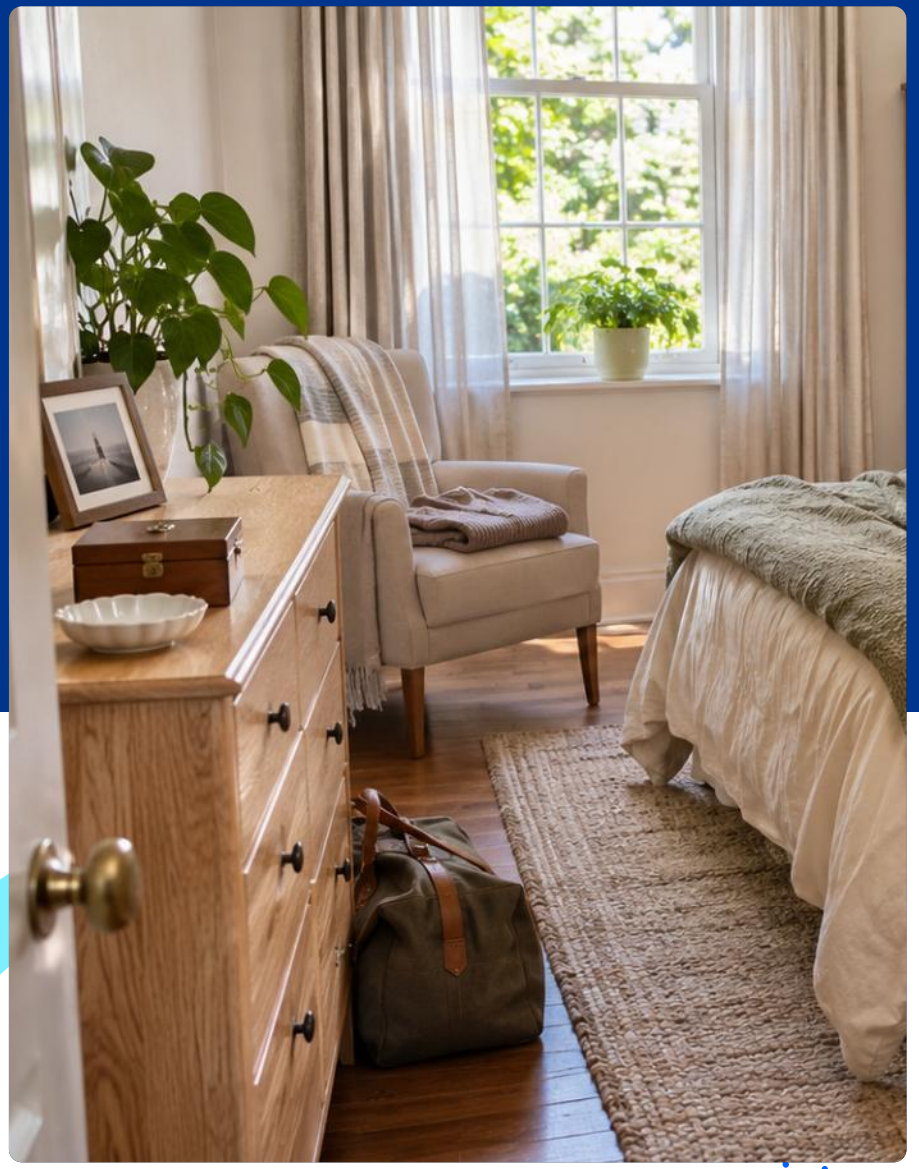

1. **Work the way you want**
   Customizable views and intuitive navigation from any browser put the information that matters most front and center.

2. **Simplify inventory and pricing**
   Updated search tools and pricing workflows support accurate estimating decisions.

3. **Support documentation and review**
   Image management and a redesigned completion process connect documentation with reporting.
