

Doug Caccese

Strategic Advisor

Doug Caccese is a strategic advisor at Verisk. Previously, he was co-president of Underwriting Solutions, leading the company's domestic Underwriting Solutions, International Underwriting, Marketing Solutions, and Underwriting Solutions Sales departments.

Doug helps drive the insurance industry's digital transformation through his focus on finding the best mix of analytic innovations while ensuring fairness at the forefront of modeling and rating.

He also delivers growth through contributing to strategic acquisitions that deliver unique, differentiated value to customers. His contributions have positioned Verisk to offer data-driven personalized marketing for insurance carriers, expanded Verisk's robust auto analytics, and helped Verisk expand into the Canadian property insurance market.

Doug joined Verisk in 2015 as vice president of operations, where he structured a shared operational group focused on efficiency and productivity gains. Before joining Verisk, he served in operations, product management, sales, IT, and underwriting roles over two decades in the insurance industry, driving innovation and value to insurtechs and major carriers.

Doug has won the Distinguished Project Award from the Project Management Institute and is skilled in Lean Six Sigma.

He holds a BA in psychology from West Chester University of Pennsylvania.

Doug volunteers with New City Kids, an organization that offers after-school programs for low-income youth, and has been a member of the customer experience board of Rutgers University since 2018. He also sits on the board of Vexcel Imaging.
