

Your Claim Has Settled, Now What?

Recently, you settled your workers' compensation or liability claim. That's never an easy process, especially if you are still recovering from the accident. We are writing to make you aware of a program we would like to extend to you. There is no cost to join, but you can benefit from this program if you are currently a Medicare beneficiary, may soon be enrolled in Medicare, or simply personally responsible to pay for your medical, pharmacy and durable medical equipment expenses.

The program is called CareMDRx. This program has access to some of the country's largest healthcare and pharmaceutical networks. As an individual managing your future medical fund as a Medicare beneficiary or reasonably expected Medicare beneficiary; or because you pay out of pocket for your treatment, this program can save you money. That's because Providers, Pharmacies, and Durable Medical Equipment Suppliers will charge you full-retail if you pay for their services directly. That's unfair and it is the reason we created CareMDRx platform.

When you enroll, you will receive a Healthcare Savings Card. All you need to do is present this card when you seek medical treatment or pick-up your prescription medication, and we take care of the rest. This includes paying the bills. Everything we do is visible on-line through the CareMDRx secure portal. Upon enrollment, you will be assigned secured personal login credentials. Never worry if you forget your password, it is very easy to reset, or you can chat with CareMDRx representatives 24/7.

AS A MEMBER, YOU WILL BE ABLE TO:

Search our network to determine if your doctor or pharmacy is a participant

Locate a participating pharmacy nearest you

Increase your pharmacy savings by signing up for our mail order program

Chat or contact us 24/7 with any questions

Access all your transactions and savings through your personal secure portal

Your Healthcare Savings Card is the key to accessing our extensive provider and pharmacy networks. CareMDRx will receive the bill on your behalf and post it to your account. You will be able to track the status of the bill, as we negotiate with the Provider or Pharmacy to get the lowest possible rate. The savings we secure is then displayed. You no longer pay retail, and the money from your settlement to pay for future care lasts longer.

The system is completely paperless. No more confusing bills being mailed to your household or having to manage the stress of medical offices calling for payment. The system handles this for you by drawing from the bank account linked to your CareMDRx account. More importantly, all information related to your medical treatment is now in one area and is accessible through your secure portal. This is especially important if you are a Medicare beneficiary or soon expect to become a Medicare beneficiary, because of the required annual reports you must submit in order to protect your future medical benefits.

To begin, visit <https://caremdrx.com/> to enroll. You are only a few steps away from saving time and money on all your medical needs.

We look forward to you joining our family.
Let us CareMDRx for you!

ISO Claims Partners

is uniquely positioned to help you achieve compliance and cost savings with our legal, medical, and technology expertise.

INSIGHTS

- Data from more than 1 billion industrywide claims
- The largest number of successful Medicare submissions in the industry
