

Social Security Verification Services

# Rely on the Expert-Led Social Security Verification Service That Works Harder for You

## Insurance Automation *From Policy through Claim*

- AI, machine learning, and predictive analytics increases speed and precision
- 19 petabytes of data across proprietary databases yields greater accuracy
- Ecosystem of integrated solutions improves customer experience – yours and theirs
- 5,000+ industry experts provides lift across the value chain
- 50+ years safeguarding insurers' data earns confidence

## Don't leave your MSP compliance to less than the best

As an industry leader, we are uniquely positioned to help you achieve Medicare Secondary Payer (MSP) compliance. With a dedicated team of professionals, we support you throughout the claim settlement process. Our team will provide you with the insight, consistency, and functional information to best serve your needs.

## We've got all your compliance needs covered—including SSVs

We view Medicare compliance holistically—from our industry-leading Medicare Set-Aside (MSA) services to CP Link®, our innovative approach to integrating Section 111 data and the Medicare conditional payment process. We recognize that all MSP compliance components are connected. That's why we take a "whole-claim" approach to compliance activities—and Social Security verifications (SSVs) are no exception.

Determining Social Security Disability Insurance (SSDI) status and Medicare entitlement is often a prerequisite to ensure the necessary MSP compliance obligations are addressed.

## Achieve full compliance with actionable information

We go the extra step and do more than just run a Social Security verification report. We provide a detailed analysis of the claimant's SSDI status. And we recommend actions to move forward, so you not only comply with MSP requirements but also take the best course of action to resolve matters swiftly while negotiating the many moving parts of MSP compliance.

## We recommend requesting an SSV when you need to:

- Decide whether to prepare an MSA
- Prepare to refer a claim to MSP services as part of your organization's internal protocols
- Decide if you should investigate a Medicare conditional payment
- Consider if an MSA meets the Centers for Medicare and Medicaid Services (CMS) review thresholds for submission
- Confirm a claimant's Social Security number
- Determine a claimant's SSDI or Medicare date of entitlement
- Verify a claimant's SSDI application date or appeal status

## The top SSV team is here for you

We have a dedicated team of administrative staff and Medicare compliance attorneys who oversee all aspects of the SSV process from start to finish:

Our staff interfaces with Social Security Administration offices across the nation. They're on a first-name basis with many officials and clearly understand each office's unique requirements.

Our dedicated Medicare compliance attorneys and former SSDI practitioners are skilled at analyzing Social Security Administration reports and technical documents. They provide intelligent guidance and detailed recommendations on next steps and claim resolution.

## With our SSDI Service, you get:

Status

Reports

Analysis

Recommendations
