Health - Exchange
Health - All Other

Message Received: 03/27/2020 01:57 PM

Message Detail:

This is related specifically to any filing made in response to COVID-19

Any carrier making a filing in response to COVID-19, please indicate this on the general information page of the filing. This will help the department to easily identify and expedite the review and such filings. It is suggested that carriers use the term COVID-19 in the "product name" field and provide a description of what the carrier is filing in the filing description field.

PLEASE NOTE: Vermont is not relaxing the requirements for certifications or other submission requirements due to COVID-19. Any filing that is submitted without the proper submission statement and fees will be rejected.
