

Vehicle Registration Reports: Breaking down the value-add

Vehicle Registration Reports deliver detailed commercial vehicle and owner information to help validate data and pricing*:

Vehicle details

We provide high-quality, granular vehicle information to ensure commercial vehicles are properly categorized.

- 17-digit VIN
- Year
- Make
- Model
- Body style
- Plate type

Ownership information

- Owner names
- Lienholders
- Name indicators (owner, business)

Registration activity

We confirm date, location, and type of commercial vehicle registration to facilitate compliance.

- Address
- State
- Effective date
