This summary is intended to assist participating companies in their review of the various state-specific forms and rules requirements that pertain to UM Coverage and UIM Coverage.

Important Note

Insurance Services Office, Inc. (ISO) makes available advisory services to U.S. property/casualty insurers. ISO has no adherence requirements. The attached summary of UM and UIM coverage provisions and offer requirements in each ISO jurisdiction is intended solely for the information and use of ISO's participating insurers and their representatives. Neither ISO's general explanations of UM and UIM coverage provisions and offer requirements under the ISO program, nor opinions expressed by ISO's staff necessarily reflect every insurer's view or control any insurer's underwriting or claims practices. If there is any conflict between the ISO UM or UIM endorsements or the ISO manual rules, and this summary, the provisions of the ISO UM or UIM endorsements or the ISO manual rules will apply.
